ZWCAD 2024

SHEET SET MANAGER

View, Access, Manage, and plot multiple drawings. All of them can be done in one panel
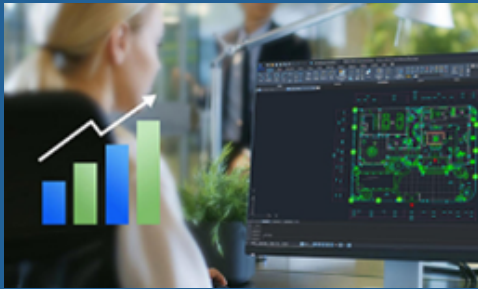

MORE POWERFUL TABLE TOOL

Satisfy your various needs with new functions like Match Cell and Block Insertion.

ZWCAD 2024

FASTER OPERATIONS

Faster in frequent-used operations include Select, Delete, Pan, Zoom and 3D Render
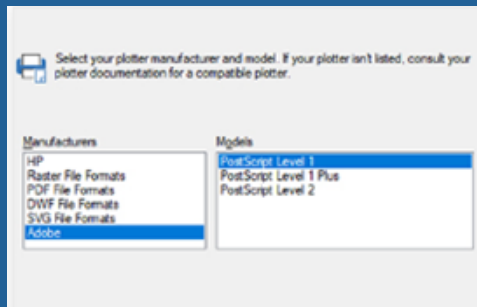

EDIT A 3D ENTITY USING GRIPS

Change a 3D entity's shape easily by dragging the grips
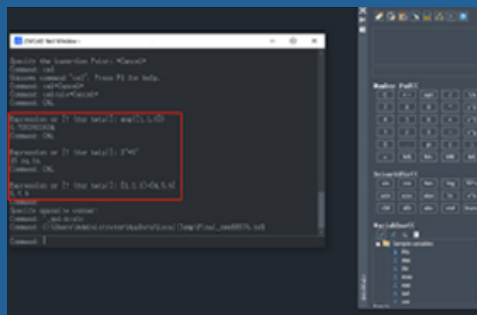

COMPATIBLE WITH 3D MOUSE

Rotate, pan or zoom a 3D entity freely on a 3D mouse from 3Dconnexion. You can also carry on frequently-used commands on it.
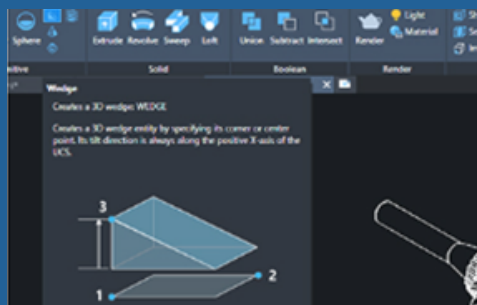

ZWCAD 2024

SUPPORT EXPORT OF EPS FILES

Export EPS files easily with the addition of Adobe PostScript plotter.

NEW TOOLTIP IN RIBBON

An image will appear along with the text when you hover your mouse over a button, so you can find what you need within seconds.

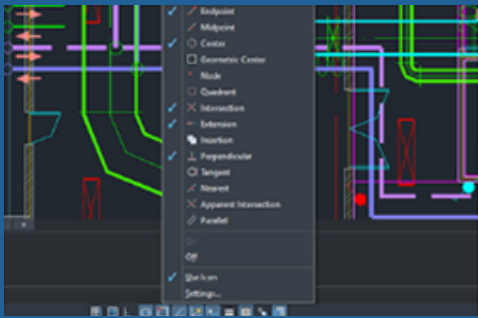

ENHANCED CALCULATOR

Do more complex work and develop more powerful add-ons. It now can calculate Imperial units and vectors, and identify more functions and variables.
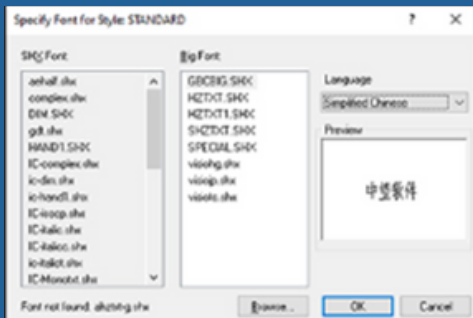

ZWCAD 2024
