

MigrationWiz®, fully automated 100% SaaS migration solution that migrates mail and documents (and more!) from nearly any Source to nearly any Destination.

Migrate multiple cloud workloads with a single solution. MigrationWiz—the industry-leading SaaS solution—enables you to migrate email and data from a wide range of Sources and Destinations.

- The MigrationWiz Mailbox License is for fast, easy and secure mailbox migrations.
- The User Migration Bundle License is the most economical way to migrate all your customer data (mailboxes, documents, personal archives) and configure Outlook.

- **EASY TO USE**

No specialized training or certifications necessary. No hardware or software to install and maintain.

- **LOW IMPACT**

When downtime is minimized, the result is a seamless experience for end users.

- **SCALABLE**

From five seats to 50,000, migrate hundreds of users at a time - even running mail and documents side-by-side.

- **SUPPORTED BY EXPERTS**

From our technical pre-sales specialists to customer success engineers, our team of IT veterans is here to help.

- **COLLABORATIVE**

Work together with project sharing and action logging to increase visibility between team members.

- **SECURE AND COMPLIANT**

BitTitan datacenters are compliant with ISO/IEC 27001/ 27002:2013, SOC 1, Type 2 and SOC 2 Type 2, PCI DSS Level 1, HIPAA/HITECH, CJIS, CSA CCM, FERPA, and more.
